CHAIR'S MESSAGE

Unbelievably, the 2025 holiday season is upon us. The daylight hours continue to diminish and we prepare ourselves and our homes for increased time with family and friends. Many of us will introduce colorful lights to brighten our neighborhoods, our homes, and our spirits. This is also a time when we tend to reflect on our blessings. On November 11, please thank a veteran as they have risked their lives to ensure our safety and freedom. Thanksgiving, Christmas and Hanukkah provide a time for us to reflect on all that we are thankful for: our family, our health, and our community. The New Year focuses on resolutions for improvement.

CVBA is grateful for all of its members and continued success as we will celebrate its 5-year anniversary in 2026 and resolve for many more years of growth and success. This organization was born out of the desire for both the Chambersburg and Greencastle-Antrim Chambers to expand networking possibilities. These communities are fortunate to have such an active organization, with regular events, that provide opportunities to showcase your business. As I revisited the mission statements of each Chamber, the commonality of promoting, helping, and prospering continues today within this alliance. While the CVBA is here to help, to promote, and to instill prosperity, it is imperative that you and your company are active participants. If you are interested in becoming more active in the CVBA, please consider joining one of its many committees or becoming an ambassador. This is a great way to meet people; which, could possibly be your next customer.

Please be sure to visit the calendar of events so you don't miss any of the planned activities. The Christmas season officially kicks off with the Greencastle Christmas tree lighting on Friday, Nov. 21 and the Chambersburg tree lighting on Saturday, Nov. 22. Santa will arrive on Saturday, Nov. 22 at 9:21 a.m. in the Greencastle parade and will arrive in Chambersburg later that evening. Please don't forget Small Business Saturday on Nov. 29 to find that unique gift and support your fellow members.

A sincere thank you to all our valued members, sponsors, and team for making this organization a success.

Have a safe, happy and healthy holiday season.

Does *your* business insurance earn dividends?

Chamber+

Ours does.

We've returned nearly **\$5 million** to participating members!

Program Features

- All-lines dividend (excluding umbrella and bonds). Dividend payments are based on total group program premium and claims experience of eligible lines. As program grows, so does dividend potential.*

Sponsorship Opportunities-2026

Fort Loudoun Historic Site is administered by the Fort Loudoun Historical Society, a 501c3 non-profit organization (83-1525118), dedicated to preserve and interpret the fort's role as an army depot during the French & Indian War and pre-Revolutionary War uprising known as the Black Boys Rebellion. We strive to offer authentic history based on site-specific documentation. In fact, visitors have been referring to Fort Loudoun as being "Franklin County's Williamsburg".

Your tax dollars do not come here! We receive no appropriated funding and are 100% volunteer (no paid staff/overhead). Every dollar goes directly to tangible projects to maintain and improve the 208 acre site. To accomplish this, we depend on in-kind donations of labor, equipment and financial support. We can only do more if we have financial support from community partners like you.

Fort Loudoun hosts award winning public events throughout the year from the world living history event "Across the Centuries" in May, our huge Market Fair in June, to Allegheny Uprising in November and everything in between. We also offer tours and hands-on activities to schools for FREE at no cost to the tax payer!.

Do you or your organization want to volunteer at a great site in 2026, contact us! We have over 200 acres to care for and it takes lots of work. The site could use your help!

INSPIRING VISION WITH OUR YOUTH

Leadership Franklin County (LFC) Youth were hosted by Wilson College in early October for their "Inspire a Shared Vision" session. The Class of 2026 Franklin County sophomores learned about visionary leaders and how they inspire others to share their gifts with others. Students worked on vision activities including bubble clouds that allowed students to think about the steps and challenges of working toward dreams, visions, and goals.

LFCY Sponsor:

Students watched an inspiring video on the Khan Academy and discussed well-known leaders who have inspired others to achieve common goals and bring others into their vision. School groups finished the day talking about their BeKind community service projects and working through their planning stages.

To finish 2025, the group will return to Wilson College in November for "Challenging the Process" and in December for "Understanding Others in Leadership" sessions.

NOTE: Applications for the LFC Youth class of 2027 will open in December 2025. All Franklin County freshman are eligible to apply. Details can be found by scanning the QR code, visiting Chambersburg.org/leadership or by calling Ginny Harriger at 717-264-7101 ext. 205.

MICROGRANTS AVAILABLE FOR DOWNTOWN BUSINESSES

Downtown Chambersburg Inc. (DCI) is accepting applications for the Business Improvement Microgrant Program, a funding opportunity designed to stimulate private business investment and strengthen the economic vitality of downtown Chambersburg. Microgrants of up to \$5,000 are available for existing commercial properties and small businesses within the downtown target area. The program is funded through the Main Street Matters Program, an initiative of the Pennsylvania Department of Community and Economic Development (DCED), and administered locally by DCI.

Applications are due by Tuesday, November 25, at 4 p.m. and must be submitted to the Downtown Chambersburg Inc. office at 100 Lincoln Way East, Chambersburg, PA 17201.

The Business Improvement Microgrant Program supports small business attraction, retention, and expansion in the historic downtown core. The program reflects DCI's mission to foster a vibrant, inclusive, and economically resilient downtown that serves as the "front door" of the community.

Either a property owner or business owner may apply; however, applications involving building alterations must include the property owner's approval.

Eligible applicants must operate within the designated downtown boundaries, be in good standing with DCI, and align with DCI's mission of improving the look, feel, and experience of downtown Chambersburg.

Priority consideration may be given to businesses contributing to DCI's vision of downtown Chambersburg as "a crossroads where art and diversity unite, local food and international cuisine combine, new ideas and traditional values converge, and vibrant and healthy lifestyles abound."

Eligible expenses include: capital purchases, structural or interior improvements, hardware, software, or connectivity upgrades, professional marketing and promotional activities. Ineligible expenses include: salaries or benefits, operating costs such as rent, mortgage, or utilities, inventory and consumables, fees to secure other funding, and labor provided by the business or property owner.

GRAND OPENING OF SPRING STREET AMPHITHEATER

Downtown Chambersburg Inc. (DCI) proudly celebrated the grand opening of the Spring Street Amphitheater, a new outdoor performance and community gathering space in the heart of downtown Chambersburg in October. The milestone event featured three days of performances and festivities.

Located at 59 Lincoln Way West, the Spring Street Amphitheater offers tiered lawn seating for approximately 400 guests and a permanent stage. The thoughtfully designed landscape creates a welcoming space that beautifully blends art, nature, and community connection.

Construction of the amphitheater was led by GRC Contractors, with the support of an outstanding team of local subcontractors including Scott's Hauling & Excavating, **East Coast Green**, B&H, Glenn Myers Electric, Hornbaker's Landscaping, Jamie Borden Electric, and **R. Perry Fence Company**. Additional project contributors included **Franklin Advisory**, **Dennis E. Black Engineering Inc.**, and **Herbert, Rowland & Grubic, Inc. (HRG)** for the environmental review, along with Troy Garman for real estate work and Horn & Co. for the property appraisal.

The project was funded through a Local Share Account Statewide Grant from the Commonwealth of Pennsylvania. DCI extends its deepest gratitude to Governor Josh Shapiro, the Department of Community & Economic Development, **Representative Rob Kauffman**, and **Senator Doug Mastriano** for their leadership and support in helping make the project possible. In addition to state support, the project received funding from Franklin County, local foundations, individual donors, and other community partners. DCI also recognized the **Chambersburg Area Development Corporation (CADC)** for its partnership and vital role in advancing this transformative project.

A special thank-you was extended to the **Borough of Chambersburg**, the Town Council, and the Land Use Department for their collaboration on the grant process, local coordination, and for providing additional space for the amphitheater. The Borough's Electric, Water, Stormwater, and Land Use Departments played crucial roles in bringing the venue to life, while the Borough Police Department assisted in assessing site security. With great excitement, DCI also announced **WellSpan Health** as the first corporate sponsor of the Spring Street Amphitheater.
